File No. BPL-20110914AAP
Petition for Reconsideration

Dear Applicant:

This is in reference to: (1) the above-captioned application dismissed on January 6, 2012 and (2) the Petition for Reconsideration and amendment filed on February 7, 2012 by UMC. The applicant requests the grant of its application.

On February 7, 2012, UMC amended its application proposing to relocate the transmitter 7.2 kilometers away from that currently authorized. The *Second Report & Order* in MM Docket 99-25 established the definition of a "minor change" as it applies to LPFM applications.¹ The Commission stated that minor change applications would be limited to those specifying changes in site location of 5.6 kilometers or less. Thus, the amendment, specifying a 7.2 kilometer change in site location violates Section 73.870 of the Commission's Rules.²

In light of the above, UMC's February 7, 2012 Petition for Reconsideration and amendment for BPL-20110914AAP ARE HEREBY DENIED. These actions are taken pursuant to 47 C.F.R. § 0.283.³

Sincerely,

Edna V. Prado
